

# 3 THINGS TO WATCH IN 2021: ENVIRONMENTAL CHANGE & SECURITY

## 1 Climate Policy is Foreign Policy

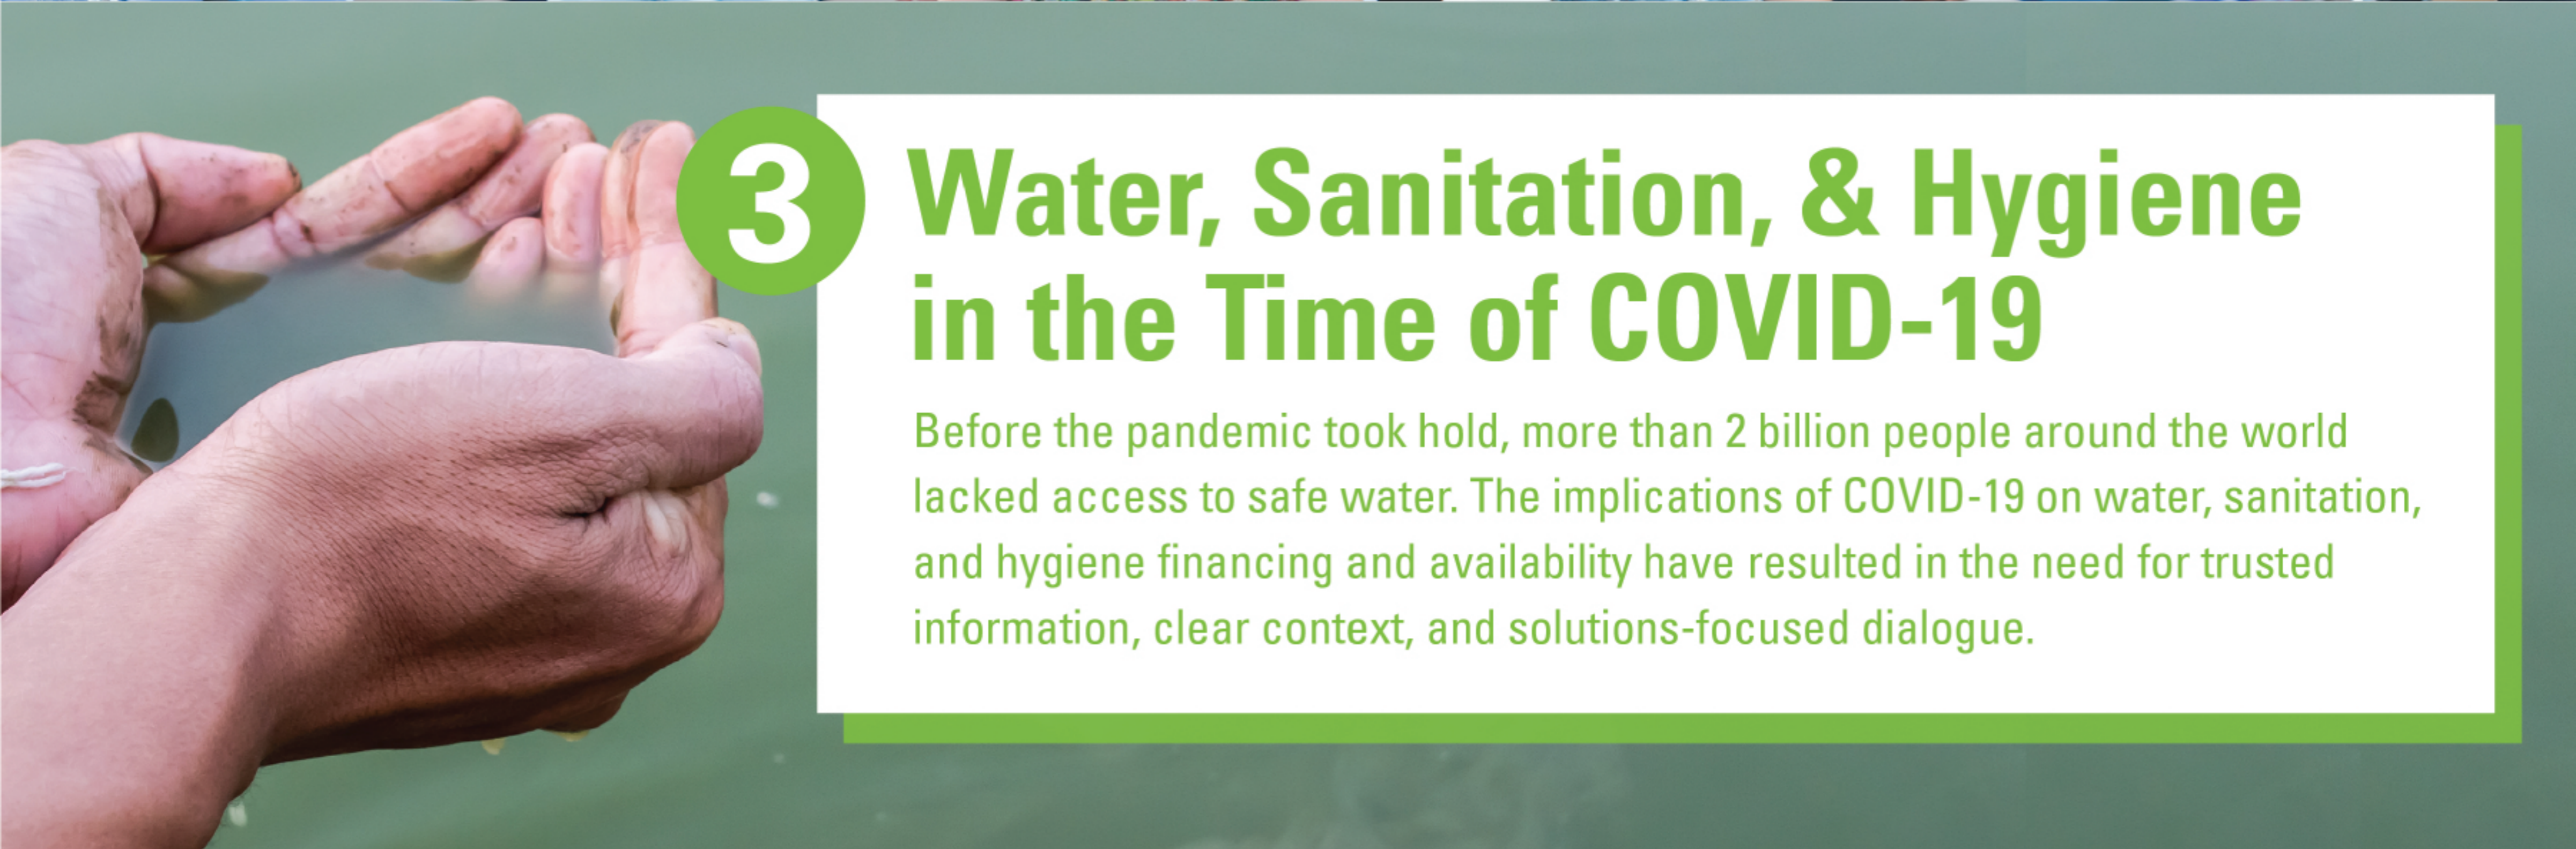

Climate change will upend the 21st century world order. Diplomacy must raise climate ambition, shape the transformative systems needed for change, and promote and facilitate new modes of multilateral collaboration.

## 2 Unpack Connections Between COVID-19, Ecosystems, Public Health, & Security

Understanding the underlying risks that created conditions for COVID-19 to emerge, and the systemic failures to prevent and mitigate the spread of the virus, is essential to address the current crisis-- and ensure it doesn't happen again.

## 3 Water, Sanitation, & Hygiene in the Time of COVID-19

Before the pandemic took hold, more than 2 billion people around the world lacked access to safe water. The implications of COVID-19 on water, sanitation, and hygiene financing and availability have resulted in the need for trusted information, clear context, and solutions-focused dialogue.
